

CEE 7/7 Schuko Plug, 16A, 250V, straight, dismountable, black

Product Code: [LAN-CEE-7/7-180](#)

CEE 7/7 Schuko Plug, 16A, 250V, straight, dismountable, black

Description

The Schuko plug is intended for installation on electrical cables for connection to electrical three-pin German or French style sockets.

The plug has 3 screw terminals: phase, neutral and earth. The entry point of the cable has a rubber strain relief to protect the electrical cables of various diameters.

The plug has a clamping grip for the cable jacket. The dismountable housing allows multiple mounting/dismounting of the plug on the cable without performance degradation.

Insulator made of glass fiber reinforced polybutylene terephthalate (PBT) is UL-94V-O rated.

Color is black.

Rated voltage:	125/ 230 V AC
Max. allowable voltage:	250 V AC
Rated frequency:	50 Hz
Max. load current:	16 A
Max. working temperature:	75°C
Max. rated voltage:	Short term 2000V
Insulator resistance:	not less than 1000 MOhm

Model range

LAN-CEE-7/7-180	CEE 7/7 Schuko Plug, 16A, 250V, straight, dismountable, black
