

Insert for 6 MPO adapters in place of the MPO cassette

Product Code: [LAN-MCSP-6MPO](#)

Insert for 6 MPO adapters in place of the MPO cassette

Description

The insert is a housing which can accommodate 6 MPO pass-through adapters (not included in the package). Intended for installation in [LAN-FOBM-4MCS-1U](#) and [LAN-FOBM-12MCS-3U](#) enclosures. The insert is mounted in the enclosure with the help of latches on the sides.

The insert can be disassembled in several parts: an outer case, an adapter holder and a bar with covers. Covers can be removed from the bar as needed. Thus, if the insert needs to be filled with fewer adapters, the empty holes will be closed with covers and protected from dust ingress into the optical panel internal.

The connectors on the cassette's front are numbered.

The insert is made of plastic.
