

Industrial HDMI socket coupler, IP68, with a cap

Product Code: [LAN-OK-HDMI/180-WP](#)

Industrial HDMI socket coupler, IP68, with a cap

Description

The connector module provides an IP68 protected connection, that protects the pins and connector openings from dust, moisture, vibration, and cleaning agents. The module belongs to the [industrial systemsolutions](#). These solutions are ideal for protecting connections in harsh environments. These include production shops, laboratories, warehouse terminals, etc.

The module is designed to connect industrial grade HDMI cables. The adapter has two HDMI sockets (type A connector).

Special housings prevent foreign objects and liquids from entering the devices, preventing corrosion and damage to contacts. The modules are equipped with threaded caps. The inside of the module is securely closed when not in use.

Protection class is IP68.

Features:

- Full dust protection,
- Withstands immersion to a depth of 1 m for up to 30 minutes,
- HDMI 2.0 supports Full HD 3D @ 120Hz and 4K @ 60Hz.
