

Keystone module, TV-socket, screw terminal, white

Product Code: [LAN-OK-TV/S-WH](#)

Keystone module, TV-socket, screw terminal, white

Description

The module can be used to complete multimedia sockets installed in wall trunks, in a wall box, also for installation in modular patch panels.

TV-module is used to connect coaxial cable with an antenna plug. The coaxial cable is connected using a screw terminal on the inside of the TV module. The module has a standard Keystone form-factor and can be used in sockets from various manufacturers.

The width of this module allows it to be installed in high density patch panels from LANMASTER and other manufacturers.
