

45x45 insert for 1 Keystone, angled, with shutter, labels and icons, white

Product Code: [LAN-SIP-23A-WH](#)

45x45 insert for 1 Keystone, angled, with shutter, labels and icons, white

Description

LAN-SIP-23A-WH angled insert of LANMASTER is used to install Keystone form-factor telecommunication modules in French Mosaic sockets.

There are shutters to protect the module contacts from damage and dust. There is also a place for installing the colored icons that are included in the kit, and a field for a paper label covered with transparent plastic.

The insert design provides a fastening element for fixing the incoming from the back side cable with a tie.
