

ST optical adapters

Product Code: [LAN-ST-AM-xx](#)

ST optical adapters

Description

Adapters are installed in optical patch panel, wall or rack type, and optical sockets.

Adapters are pass-through sockets and are used for precise centering of connector tips, and for fixing connectors pressed against each other.

Adapters are available for multi-mode (black caps) and single-mode (yellow caps) connectors.

ST adapter connects two cables terminated with ST connectors. Connector can be installed on a fiber in a cable, a pigtail, or a patch cord.
