

Tester for video surveillance networks with cable tracer and multimeter

Product Code: [LAN-TST-CCTV](#)

Tester for video surveillance networks with cable tracer and multimeter

Description

Multifunctional tester of video surveillance systems (LAN-TST-CCTV) is designed for installation and maintenance of closed-circuit TV systems. The device can be used to view video signal from surveillance cameras, control camera by three coordinates (PTZ), generate images, capture data via RS485 interface, test LAN cables.

The instrument is easy to use and facilitates the work of personnel on installation and maintenance of video surveillance systems.

Instrument Features:

- Supports more than 20 camera control protocols (PTZ).
- Measuring the audio input signal, checking the signal from the microphone.
- Video signal generation. Generation of a color test signal. PAL/NTSC formats are available.
- Controlled via RS485 interface.
- Cable testing. Open-circuit, short-circuit, RJ45 and BNC wiring map check.

Head unit emitter technical specifications

Display type	LCD
Display size	60 x 45 mm
Maximum cable length when connected to BNC	620 m
Tester and PTZ control	RS485 interface
Tested cables	Twisted pair: UTP, STP, cat. 5e, 6

Minimum calibration distance	Coaxial cables
Battery type	10 m
Measurement accuracy	3000 mAh Rechargeable Lithium Battery
Body material	98%
Operating temperature/humidity range	Plastic and rubber
Dimensions	-10°C ~ +70°C / 30% ~ 90%
Inductive probe technical specifications	206 x 112 x 49 mm

Dimensions (W*H*D)	218 x 46 x 29 mm
--------------------	------------------

Remote identifier technical specifications

Compatible connectors	RJ45, BNC
Dimensions (W*H*D)	107 x 46 x 29 mm
Package includes:	

-
- Main unit — 1 pc.,
- Inductive probe — 1 pc.,
- Remote identifier — 1 pc.,
- Earphones — 1 pc.,
- Storage case — 1 pc.,
- Carrying strap — 1 pc.,
- Micro-USB cord — 1 pc.,
- Battery charger — 1 pc.,
- Cord for powering camera from the tester — 1 pc.,
- RS-485 bus connection adapter — 1 pc.,
- Audio socket connection adapter — 1 pc.,
- BNC(m)-BNC(m) cord — 1 pc.

Attention!

The body of the LAN-TST-CCTV tester has undergone some changes in appearance and functionality in 2022.

The devices of the old version are still covered by the factory warranty from the manufacturer according to the specified rules.

Model range

LAN-TST-CCTV	Tester for video surveillance networks with cable tracer and multimeter
