

Floor hatch box for six 45x45 Mosaic modules

Product Code: [LAN-WA-FLBP-F45/6](#)

Floor hatch box for six 45x45 Mosaic modules

Description

A double-row floor hatch box is designed for the organization of full-fledged workplaces (data sockets plus power sockets), or multi-user data outlets in places far from walls or columns, as well as in open spaces.

The hatch box has 6 openings for the French 45x45 Mosaic directly in the front panels (2 places in each panel).

This model, by default, has three white front panels for horizontally oriented modules. If necessary, the adapter panels can be changed to ones of other colors (red, blue, or black), also to panels with a vertical orientation of the installed modules.
