

Baying bracket for “Business” series cabinets

Product Code: [TWT-CBB-UNT](#)

Baying bracket for “Business” series cabinets

Description

Baying brackets are used to fasten cabinets of the “Business” series to each other.

To bay cabinets together:

1. Remove side panels from mating surfaces.
2. Bring the cabinets close with the side surfaces.
3. Insert the bracket into the grooves of the supporting frames of both cabinets with the hook part and slide it down to lock it.

Four connecting elements are required to fasten one pair of cabinets.

Made of anodized steel.
