

Anti-vandal enclosure with a sliding door

Product Code: [TWT-CBWSF-xU-6x4-GY](#)

Anti-vandal enclosure with a sliding door

Description

The anti-vandal enclosure with the sliding door is designed for installation of 19" equipment in places with the possibility of unauthorized impact. The enclosure has a welded structure and a sliding metal door, locked with a bolt-type lock. There are nine louver-type holes for ventilation in the upper part of the enclosure's side panels. The roof and the bottom of the enclosure have holes for cable entry. The cabinet has two mounting rails, the installation depth can be adjusted. The cabinet mounts to the wall at 4 points on the rear panel. The enclosure is supplied assembled.

Color is gray (RAL 7035).

Maximum load – 60 kg.
