

Supporting bracket for TWT patch panels

Product Code: [TWT-CMB-PPU](#)

Supporting bracket for TWT patch panels

Description

It is used to fasten cables coming to the rear side of patch panel, providing the required bending radius and secure fixation during the termination process.

Brackets can only be used with [TWT-PP24UTP](#) and [TWT-PP48UTP](#) panels. The design of the brackets allows them to be installed after the termination of the cables, without dismantling the loaded panel. The cable is fastened with plastic ties in the holes of the bracket.

Dimensions (DxWxH) – 63 mm x 19" x 38 mm.

Model range

TWT-CMB-PPU	Supporting bracket for TWT patch panels
