

Wall-mounted distribution box

Product Code: [TWT-DB10-xP/K](#)

Wall-mounted distribution box

Description

Wall-mounted distribution boxes are designed for installation of 10-pair LSA-PLUS connection modules.

Boxes are completed with backmount frames for installation of connection modules with a capacity from 30 to 100 pairs.

The door is equipped with a lock with two keys included.

Boxes can be mounted on the wall or in the wall using the frame [TWT-DB10-xP/FR](#).

The depth of the box can be increased using the spacer [TWT-DB10-xP/HR](#) for installation of protection magazines or integrated protection plugs with grounding bars.

Cable entry is possible through removable plugs from four sides, as well as from the back of the box.

The base of the box has a screw grounding terminal.

Made of PVC. Color is light grey.
