

KRONE punch-down insertion tool

Product Code: [TWT-PND-LSA-X](#)

KRONE punch-down insertion tool

Description

Impact tool is designed to insert twisted pair cable at cross-connections, patch panels and sockets with Krone (LSA) type contacts.

The impact tool has an adjustable pressure force mechanism, which allows you to smoothly change the pressure force to the desired level.

The tool blade has scissors to cut off excess wire when making contact, the blade handle has a special hook to remove the wire from the connector, and a flat pad for pushing wire through the connector.
